HOMEDALE CORONET LEADER 63 x - This dark roan bull by Leader 10th x, has a good start at being a ton bull. Member of the 1st prize get of sire and best 6 head at the Minnesota State Fair. Half brother to our top bull at the recent National Western, Denver. His dam weighed 1555 lbs. on the scale. Our 50 daughters by Leader 10th x weigh above the average and have uniformly good teats. He handles well.

The Polled Shorthorn bull - - an instrumental force in modernizing America's beef! A modern influence - - hornless "naturally erasing" the messy and costly set-backs that come from dehorning. A profitable influence -- modernized and hornless, but carrying that old faithful performance - ability that has been "Shorthorn Influence" property for generations and generations. How better to lesson your management problems and step-up your profits than by going modern.....going POLLED SHORTHORN.....and profiting by your decision!

LEADER'S PRIDE x - A bull that in our opinion is the answer to the term "modern." He is a bull who has the extra length, trimness, size, and exceptional amount of soundness in his feet and legs that the Shorthorn and Polled Shorthorn industry demands today. He is a bull who has been used in Questing Hills breeding program and we intend to continue using him. It is only through trying to make for a great Polled Congress, that we at Questing Hills are offering this bull. We are selling 2/3 interest and full possession as we already have a sizeable semen bank stored at the farm. The bull will be semen tested and our herd is accredited for both TB and Bangs. NOT JUST BIGGER BUT BETTER.

WAY CO STRONGHOLD x - He is big, dark red, with lots of length and muscle. His sire, Lynnwood Stronghold x, has champions on both sides of his pedigree. His dam is a large, good milking cow that always produces well for us. On performance test his 205 day weight was 590 lbs., with a daily gain of 2.54 lbs. His 365 day weight was 1035 lbs. and he graded B+. We have used this bull some and have a few calves on the ground that are really good.

SANGAMON AJAX x - A bull for today, Ajax is long, smooth and trim, with outstanding muscling in the lower quarter. His dam is a very large cow weighing 1400 lbs. in shape. His grandam, Scotsdale Lola Floss, has produced many winners for Sangamon. Ajax was Reserve Jr. Champion at the New York State Fair; won a large class at the Eastern National, and was a member of the winning Senior Get at the Eastern National. Ajax was a popular winner and many cattlemen who have seen him feel that he should be an outstanding sire.

The dam of this heifer is a half sister to three AAA cows. The dam also produced Augusta Coronita 63rd, 1967 International Grand Champion Female. She also produced TPS Coronet Unlimited 14th one of our main herd bulls today. This heifer was Reserve Senior Champion at the 1969 National Shorthorn Show, Lincoln, Nebraska. She was bred September 18th to TPS Coronet Cavalier 2d, who is siring some great calves for us and we feel sure will nick well with this female.

Q H ASTRA SNOWFLAKE x - Is sired by the 100% dehorning TPS Infinity out of Questing's Snowflake, one of the best producing cows at Questing Hills. Questing's Sirius, the herd bull for L. V. DeWitt's Espalier Farms, Decatur, Illinois, is a full brother. This female is truly the kind who will make a foundation female in any Polled Shorthorn herd. She will warrant your close attention at the Polled Congress Sale. NOT JUST BIGGER BUT BETTER.

Just remember . . . it takes a good  
beginning with improving females and  
herd sire prospects like those offered  
in this sale . . . . . to come up with  
a great end like this one!!!

# STANDARD GUARANTEE

Recommended by American Shorthorn Association

- A. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
- B. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
- C. With the exception of heifers, sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age, shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
- D. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial, for a period not to exceed six months. The expense of a freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
- E. In the event an animal is returned by the buyer to the seller as a non-breeder the buyer must furnish to the seller a veterinarian's certificate showing that his herd is healthy if such a certificate is required by the seller.
- F. All animals catalogued have been tested for T.B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.
- G. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females showing names and record numbers of sire and dam, as well as service date.
- H. All prospective buyers should check health requirements of their states. Health certificates will be provided with each lot sold.
